

## How does it work?

You can help us financially without having to pay for it, Free Sponsoring!  
Online shops pay commission for every order and booking that is done via SponsorKliks.com and we receive 75% of that commission on our bank account! The price that you pay is the same, so next time, instead of going directly to shops like Bol.com, Expedia and Thuisbezorgd/Takeaway make that extra click so we receive that commission.

### **Easy and anonymous**

So, for every pizza order and hotel booking we can receive money. For your next order, visit our website and click on the SponsorKliks link or use the SponsorKliks app. If you install the app, you receive a notification if a successful transaction was registered. Both we and SponsorKliks do not know who bought something and what was bought or ordered. Your personal details are only known to the shop that you visited.

### **Check our commission and transactions**

Submit your email address on our SponsorKliks page to receive newsletters and access to our transaction page.

### **Download the SponsorKliks APP**

Visit shops via the app and get a notification after successful transactions.  
You have a direct link to all our transactions from the app.

A selection of shops on our SponsorKliks page:

Coolblue • Thuisbezorgd.nl • Bol.com • HEMA • About You • Expedia • Rentalcars.com • Viator
